MONTHLY WELLNESS TIPS

From your MVHS Counseling Team

April 2023
Issue #5

As we begin the month of April on Spring Break it is the perfect opportunity to pause and reflect on what's been going on in your life and how you've been feeling. With the busyness of school, work, and other responsibilities, it is important to take time to rest and recharge. Here are some simple ways to mentally recharge so that you're better equipped to continue taking on the challenges that life brings:

1. Make a mental list of the accomplishments you've made over the past month, big or small
2. With the Spring weather coming, take some time to get outside, go for a walk, or take a few moments to breathe in the fresh air.
3. Take a social media/technology break
4. Declutter/ organize your workspace, backpack, bedroom, etc.
5. Do something fun that doesn't use a lot of brain power (watch your favorite movie, bake cookies, catch up on your favorite podcast, watch live-animal cams, color/draw)
